Wauwatosa Credit Union sponsored its 2nd Annual Poker Run for Children's Miracle Network on Saturday, June 9th. The motorcycle ride raised \$10,332.00 for Children's Miracle Network.

Riders met at the WCU Menomonee Falls branch for registration.

165 riders met at Wauwatosa CU in Menomonee Falls to begin a 120 mile route, with stops at participating dealers Wisconsin Harley-Davidson in Oconomowoc, House of Harley-Davidson in Milwaukee, Suburban Motors Harley-Davidson in Thiensville, and West Bend Harley-Davidson.

Many different cycles were on display, as 165 riders met for the 120-mile ride.

A celebration at West Bend Harley-Davidson concluded the event, where approximately 300 participants enjoyed an afternoon of food, drinks, raffles, games, and live music.

The big event of the day was a raffle drawing for a new 2007 Harley-Davidson motorcycle. Thank you to all who helped support this great event. See you next year at the 3rd!

WCU Dealer Partners

WCU is having another successful year financing Harley-Davidson motorcycles. Much of that success comes from the great dealer partnerships we have established.

At any of our dealer partners, members can go directly to the dealership to purchase and sign all the papers right there, and the financing stays with WCU.

So the next time you're in the market for a motorcycle, stop at one of our dealer partners.

WI Credit Unions Helping Young Adults Learn Personal Finance

This Fall, Wisconsin credit unions are going one step further to help young adults achieve the financial knowledge they should have when they graduate high school by providing the brass/STUDENT PROGRAM free to all Wisconsin public high schools.

The Student Program is a free classroom resource teachers can use to teach students about the money side of life. Central to the program is the brass/MAGAZINE's Student Edition - a lifestyle money magazine written for young adults by young adults.

The program's content supports Wisconsin's Model Academic Standards for Personal Financial Literacy - state guidelines for what financial knowledge and

skills students should have prior to graduation. Teachers can integrate material from brass as part of any course in which they cover financial topics: business, economics, social studies, math or others.

All of Wisconsin's public high schools will receive at least one classroom set of the magazine and library copies in September, November and February. The brass/STUDENT PROGRAM will put Wisconsin students a step ahead of those in other states when it comes to learning

the financial basics they need to complete their education and start their adult lives. And, thanks to credit unions' continued support for teachers and students, Wisconsin can ensure a healthy future economy fueled by financially healthy citizens.

Sign up for E-Statements

E-Statements is the fastest, easiest way to receive your monthly/quarterly statements. Every 1st of the month, an email message will be sent notifying you that your statement is available. You can view and/or print each statement, and past statements remain archived, accessible through online banking.

One of the biggest benefits of E-Statements is that you don't have to wait for the statement to be mailed before you can reconcile your accounts. Also, your 1098 and 1099 tax information will be printed on your December-end statements, so you're able to view and print this information on January 1st.

Signing up for E-Statements is simple: login to online banking, choose 'Personal Preferences', then 'sign up for E-Statements'.

Vehicle Warranties

Did you know that your credit union sells vehicle warranties, and at a fraction of the cost that dealerships charge?

That's right, WCU offers a variety of warranties for all makes and models of vehicles. And, all of our warranties come with rental reimbursement, 24-hour free roadside assistance, and emergency travel expenses.

These warranties can provide you coverage beyond the manufacturer warranty, and can be purchased outright or financed into your auto loan.
